Hi Dan, I got a v mail from Dave Copeland this morning, but he was on his cell and the area code did not come through. Do you have his cell phone area code? He was asking about setting up a mtg while you two are in town later this month, which we can definitely do. I'll give him a ring on Monday if I can get his area code.

Thanks,
David

Subject: Proposed Conference Call for Application Submittal

Hi Dan,
Are you and if needed Mark Nicholls available for a conference call Monday or Tuesday of next week to get an overview of your submittal? I would invite David Albright and Jim Walker to attend the call.

I am trying to get through the response to comments portion before that call to better understand how the responsive parts are put together in the application. A brief description of the submittal especially anything new would help us in our review.

I would like to propose Monday at 3 pm or Tuesday at 2 or 3 pm. If these times do not work, maybe an earlier time on Monday.

Thanks, Nancy

David,

Just wanted to let you know that our Chairman, David Copeland, would like to participate in the call. He is a geological engineer and quite involved in the engineering and development of the project and would like the opportunity to listen in to the conversation so he has a better understanding of the next steps and related issues.

I hope that's ok.

Regards,

Mike

Dear David,

Thank you for agreeing to participate in a call to discuss Curis and the status of our UIC application for the Florence Copper project.

The following is a brief list of topics we would like to discuss with you on the call tomorrow.

- Section 106 NHPA consultation and next steps
- Any remaining technical UIC issues and how to resolve as necessary
- Timing on possible issuance of draft UIC
- Plans for public hearings on draft UIC
- Timing on and strategy for responding to public comments on draft UIC
- Process going forward and next steps

On the call will be Dan Johnson, VP and General Manager and myself.

Many thanks and look forward to speaking with you soon,

Michael
